🔍 Future Insight Talk Series

Music Therapy x STEM+A

TSANG Yiu Kwan
Registered Music Therapists

Application Deadline

28 November 2022

12:00 noon

Intended Learning Outcomes

Upon completion of the programme, participants should be able to:

1. explain the profession of music therapy including its history and current development;
2. describe existing music therapy applications;
3. explore new ideas how music is integrated with technology;
4. develop a creative mindset with empathy for people with special needs.

◆ Introduction

Have you ever heard a piece of music when you're feeling down that gave you the courage to regain your strength from unhappiness? Is this music therapy?

The speaker will take you to experience the power of music therapy through listening, singing, playing, rhythm, etc., and understanding its history and applications. With the advance of science and technology, the speaker will also share his new ideas of combining music and technology to benefit more people with special needs.
