Intended Learning Outcomes

Upon completion of the programme, participants should be able to:

1. Strengthen their collaborative problem-solving skills;
2. Gain experience in expressing their thoughts and ideas in presentation.

◆ Introduction

- HK Winter Mathematics Olympiad is a two-day workshop for students to strengthen their problem-solving skills through games, research activities, and group competitions. A variety of challenging problems will be posted in the competition and students will be divided into groups according to their abilities and levels. Collaborative problem-solving is the main focus in this workshop.
- This programme is co-organized with International Mathematical Olympiad Hong Kong Committee (IMOHKC)

◆ Target Participants

- S2 to S6 HKAGE student members
- **Group A:** HKAGE Student members who have participated in any phase of International Mathematics Olympiad Training before
Class size: 18 **(Limited places are remaining. Selection is based on students' performance in answering the questions and their suitability for the programme.)**
- **Group B:** All other HKAGE Student members who have NEVER participated in any phase of International Mathematics Olympiad Training nor HK Winter Mathematics Olympiad before.
