

E1STM006W

(Token- required)

STEM Workshop (Level I)

Gerontech Beginner's Journey

Docents from Jockey Club Smart Ageing
Hub

Application Deadline
20 Jan 2023 12:00 noon

Result Release
27 Jan 2023

Intended Learning Outcomes

Upon completion of the programme, participants should be able to:

1. understand the latest innovative technologies and products related to gerontechnologies in Hong Kong;
2. foster awareness of gerontechnology products and devices which can be cared for in the home and community;
3. become aware of the importance of how new technologies tackle the ageing population and health issues.

◆ Introduction

In 2020, the Census and Statistics Department of the HKSAR Government released the “Hong Kong Population Projections 2020 – 2069”. According to the statistics, the ageing population in Hong Kong is expected to remain on trend and the proportion of the population aged 65 or above is projected to reach 35% of our population in 2069.

“Jockey Club Smart Ageing Hub” aims to establish a cross-disciplinary network, not only to raise the public’s awareness on gerontechnologies. “Day Experience Centre” located on The Hong Kong Polytechnic University campus contains 4 key areas: a reception (thematic zone), an interactive experience zone, a smart home show flat and a resource library. Through showcasing gerontechnology products, conducting demonstrations, exhibitions, workshops and experiential activities, the project aims to enhance students’ awareness of gerontechnology products and devices.

◆ Schedule

Session	Date	Time	Venue
1	11 April 2023 (Tue)	3:00 p.m. – 5:00 p.m.	Room GH041, The Hong Kong Polytechnic University (Location)

◆ Target Participants

- P4 to P6 HKAGE student members only in 2022/23 school year
- Class size: 40

◆ Pre-requisite

No special prerequisites are needed

◆ Medium of Instruction

English (Cantonese if necessary)

◆ Certificate

E-Certificate will be awarded to participants who have:

- attended at least ALL sessions; AND
- completed all the assignments with satisfactory performance.

◆ Application Procedure

This programme is Programmes with No Screening.

There are no screening questions, written test or other screening methods for this type of programmes.

- Student members can select up to 5 programmes from a list of selection. Applicants have to state the priority when submitting the application. (1st priority, 2nd priority, 3rd priority, etc). 1 token is required for each programme

(For programme list, please refer to the latest Programme Schedule [here](#);

- The application can only be submitted once. After submission of the application, the programme selection and the priority cannot be changed;
- If a student member removes a programme from the application before the application deadline by withdrawal, the choice priority will remain unchanged. (For example: A student has selected three programmes and removed the programme with the 1st priority from the application. The choices of 2nd and 3rd priority will remain unchanged with no promotion in priority);
- We will select the students based on the student's choice of priorities and a randomly generated selection by the computer system. If there is time clash between the applied programme and other programmes with offer, HKAGE will consider if the application will be accepted;
- Student members should avoid applying programmes with time clash;
- The decision of HKAGE on the result of selection should be final.
