## The Infomatrix Project Competition (Level IV)

# Infomatrix 2023

**Application Deadline**  
**8 Feb 2023 12:00 noon**

**Result Release**  
**20-23 Feb 2023**

### **Intended Learning Outcomes**

Upon completion of The Infomatrix Project Competition , participants should be able to:

1. develop interests in STEM further;
2. apply and consolidate existing knowledge in areas of programming, movie making and science;
3. gain international exposure via exchanging ideas with students from different countries;
4. strengthen communication skills & teamwork with fellow students.

## ◆ Introduction

Infomatrix is an international computer project competition, aiming at bringing the world's best IT students together and promoting intercultural exchange across the globe. This year, HKAGE would like to recruit teams to compete internationally in three fields, including (1)Programming; (2)Short Movie; & (3)Science Project. Finished projects and projects in progress are welcomed to join. Selected teams may be able to send up to 2 representatives to compete in Mexico in the Summer of 2023. For more information, please refer to the official website of Infomatrix (<https://infomatrix.ro/>).

## ◆ Target Participants

- S1 to S6 HKAGE student members in 2022/23 school year only
- Group size: individual or group (max. 4 students)

## ◆ Pre-requisite

Participants must have a project in hand (finished work or work in progress)

## ◆ Medium of Instruction

English

## ◆ Screening

Online application and Jotform submission

Please submit both HKAGE online application and Jotform before the application deadline. Please answer all the screening questions in the Jotform. The questions can only be attempted once and must be answered by the applicant. The answers cannot be changed once the application is submitted.

Interview section

HKAGE will conduct a preliminary assessment based on the content of the Jotform and invite appropriate participants for interview by email. (If participants do not receive the interview notice, it is considered unsuccessful.)

Selection is based on participants' performance in the interview. Only participants who can demonstrate motivation and relevant knowledge can be enrolled in the competition.
