

A3FOR003C

(Token- required)

Forensic Science Course (Level III)

From Crime Scene to Court Room (Phase 3)

Instructors from Creative Education Unit,
The Hong Kong Federation of Youth Groups

Application Deadline
20 Mar 2023, 12:00 noon

Result Release
22 Mar 2023

Intended Learning Outcomes

Upon completion of the programme (Phase 3), participants should be able to:

1. identify the marks leave on a traffic accident or crime scene
2. understand ballistics and shooting reconstruction
3. have a basic understanding of criminal justice system and convey the evidentiary findings in a courtroom setting
4. develop soft skills such as logical reasoning, collaboration skills, and presentation skills, through the case reconstruction and trial simulation in court
5. recognise the application of forensic science in different fields of career

◆ Introduction

The programme consists of three phases. There are 8 sessions in the final phase, Phase 3 (A3FOR003C), that integrates the advanced topics in Forensic Science, includes traffic accident, ballistics & shooting and tool marks. Participants will act as a professional forensic officers and a expert witness in a mock case, to integrate and present all the relevant evidences rationally and systematically in the Court.
