Environmental Science Workshop (Level I)

A “Green” Visit to EcoPark

Representative from EcoPark

Application Deadline
3 Jul 2023 12:00 noon

Intended Learning Outcomes

Upon completion of the programme, participants should be able to:

1. explain the importance of recycling industry in city development;
2. demonstrate how can they contribute to protect environment as an individual.

Result Release
4 Jul 2023

◆ Introduction

The Visitor Centre in EcoPark aims to increase visitors' awareness on waste reduction and understanding of municipal solid waste management. Its interesting and engaging exhibits include a life-size model landfill, virtual three-dimensional multimedia exhibit, video and interactive games that help visitors to rethink about 3Rs - "reduce", "reuse" and "recycle". Visitors can also learn about waste management and disposal in Hong Kong as well as how to reduce waste. Through discussion and exchanging views with teachers and docents, students can even enhance their waste reduction awareness and practice green living at school.

◆ Schedule

Session	Date	Time	Venue
1	3 August 2023	2:45 p.m. – 3:45 p.m.	EcoPark, Tuen Mun (Map)

◆ Target Participants
