Workshop / Introductory

Mindset Empowerment Programme Introductory Module (Secondary) : Mindsets for Future Leaders: Data and Transformative Mindsets

Dr Ng Hon, Victor, Academy of Data Mindset

Application Deadline

9 November 2023

12:00 n.n

Result Release

10 November 2023

Intended Learning Outcomes

Upon completion of the programme, participants should be able to:

1. recognize the importance of data literacy skills;
2. acquire skills in data communication to facilitate the development of a data mindset;
3. differentiate between a fixed mindset and a growth mindset; and
4. increase self-awareness of one's mindset and apply a transformative mindset in daily life.

◆ Introduction

This workshop is one of the core programmes in the Leadership Training Programme Series, which primarily focuses on mindset empowerment.

Change has become the new normal in this evolving and dynamic era. Navigating change and transformation involves complex problem-solving in digital contexts. Cultivating the Data Mindset is essential to strengthening data literacy. The Data Mindset empowers students to effectively communicate, think and act with data, allowing them to fluently speak the language of data. The journey of transformation in the digital era is full of challenges. Future leaders need to overcome setbacks to achieve sustainable growth. This requires them to have a Transformative Mindset, which empowers leaders to view difficulties as challenges and to develop a habit of success.

This Introductory Module serves as a foundation for cultivating the mindset of future leaders in the digital era, incorporating the Data and Transformative Mindsets to overcome challenges and adapt to changes during times of uncertainty. Students who completed the introductory module will be eligible to apply for the enhancement module.

(This programme content is identical to F1WPD006W2 and F1WPD006W3)
