◆ Gifted Programme Introduction

This immersive, narrative-driven programme is a thrilling journey through the labyrinth of time, where every decision opens a new path. Will your path lead you to historical epics, futuristic utopias, or alternate realities? Utilizing the power of AI through ChatGPT, students will not only explore the rich tapestry of branching narratives and Choose Your Own Adventure stories but also learn to craft their own. They will navigate complex plots, create compelling characters, and master the art of meaningful decision-making.

Not just about storytelling, it is also a comprehensive skill-building experience. It enhances critical thinking and creativity, nurtures linguistic proficiency, and introduces students to the exciting world of AI and its applications in storytelling.

Discover the power of choice. Learn to weave intricate stories. Unleash your creativity. Navigate the limitless possibilities of AI-assisted narratives.
