◆ Gifted Programme Introduction

This programme aims to help students understand the impact of climate change and equip them with the skills to create solutions to address this critical issue. It will use an educational card game 'Climate Collage' designed with the Intergovernmental Panel on Climate Change (IPCC) to introduce the key climate concepts.

Programme features are:

- Design and draft environmental policies and proposals for HK;
- Research local environmental issues prevalent in HK;
- Gain a deeper understanding of the science of climate change and key environmental issues;
- Develop their critical thinking, problem-solving and leadership skills.
