[Gifted Programme]

Creative Media Course (Level I)

Digital Game Design (Introduction) - Aspects of Nature Conservation and Heritage Conservation in Hong Kong

Astro Heart Limited

Application Deadline
20 May 2024 12:00 noon

Result Release
24 May 2024

Intended Learning Outcomes

Upon completion of the gifted programme, gifted students should be able to:

1. illustrate basic concepts of digital game production;
2. use the game engines, applications, and 3D model to create game interfaces and levels;
3. enhance the understanding of nature and heritage conservation in Hong Kong;
4. recognise the importance and urgency of conserving the ecological environment and historical and cultural heritage;
5. foster a stronger desire to pursue further studies in game design and related disciplines.

If student members withdraw from the programme after the Application Deadline, the token will be deducted.

◆ Gifted Programme Introduction

This course will provide students with an understanding of basic digital game production concepts and how to create digital games using basic 3D animation techniques. Upon completion of the programme, students should be able to create simple digital game levels. This programme will also help students to understand nature conservation and heritage protection in Hong Kong through theme study.

Course content includes: Introduction of game production and engine tools, basic production concepts, AI, programming fundamentals, 3D software applications, and individual game design exercises.
