Reading and Writing Course (Level I)

Telling Stories with AI and Media Technologies – Write Your Own Radio Drama

Mr Lin Chi Wo Joseph

Application Deadline
17 Jun 2024 12:00 noon

Result Release
2 Jul 2024

Intended Learning Outcomes

Upon completion of the gifted programme, gifted students should be able to:

1. demonstrate an understanding of the form and conventions of storytelling through the appreciation and writing of scripts;
2. develop creativity through the process of creating stories for improvisations and script writing;
3. organise and perform their finished scripts before peers confidently;
4. extend interest in English to dramatic reading and writing.

◆ Gifted Programme Introduction

Use AI to enhance your creativity while improving your English communication skills!

In this course, students will learn how to use text, audio and image generative AIs to help them plan, devise, and perform a radio drama/podcast story. Through speech exercises, hands-on AI workshops, creative group work, and more, students will learn about storytelling and effective communication while receiving a boost from AI. Strong emphasis is placed on critically evaluating and editing the output from AIs, ensuring students develop their independent thinking and individual abilities without becoming reliant on new technologies.

◆ Schedule

Session	Date	Time	Venue (HKAGE)
1	25 Jul	10:00 a.m. – 1:00 p.m.	Room 403
2		2:00 p.m. – 5:00 p.m.	Room 303
3	26 Jul	10:00 a.m. – 1:00 p.m.	Room 403
4		2:00 p.m. – 5:00 p.m.	Room 303

◆ Target Participants

- P4 – P6 HKAGE student members in 2023/24 school year only
- Class size: 20

This programme is same as the Reading and Writing I Course (Level I): Creative Writing and Voice Acting for Podcasts and Radio Dramas (E1ELL003C) in 2022/23 school year.

◆ Pre-requisite

- Bring your own laptop or iPad
- If available, a keyboard and stylus for your tablet would make classwork much easier

◆ Medium of Instruction

English with English handouts

◆ Screening

Please answer the screening question in the online application form.

*The screening question is designed to help the applicant understand the course level and the course content. The question must be answered by the student applicant and it can only be attempted once. The answer cannot be changed once the application is submitted. Selection is based on students' performance in answering the question. Only students who can demonstrate motivation and the knowledge of mathematics/probability in the screening question can be enrolled in the programme

◆ Certificate

E-Certificate will be awarded to gifted students who have:

- attended at least 3 sessions; AND
- completed all the assignments with satisfactory performance
