[**Gifted Programme**]

Artificial Intelligence Workshop (Level I)

AI with Media Production

Mr Anson AU
BotSheet

Application Deadline
2 Jul 2024 12:00 noon

Result Release
2 Jul 2024

Intended Learning Outcomes

Upon completion of the gifted programme, gifted students should be able to:

1. Understand and apply AI in multiple media production, including ChatGPT, Midjourney, Suno AI, ElevenLab, and Github Copilot;

2. Utilize the above AI to prepare a Kickstarter project;

3. Acquire higher level of innovative and problem-solving skills.

If student members withdraw from the programme after the Application Deadline, the token will be deducted.

◆ Gifted Programme Introduction

This course opens a new realm of possibilities, where the arts meet advanced technology. It not only introduces students to the fundamentals of AI but also dives deep into its application in transforming media production. Whether it's animating with precision, editing videos with AI-driven tools, or designing stunning digital art, students will gain firsthand experience in how AI can enhance and redefine the creative processes across various media platforms. This program is tailored to stimulate curiosity and foster innovation, providing students with the skills necessary to become pioneers in the rapidly evolving digital world.

Anson Au is a renowned innovator in education based in Hong Kong, specializing in integrating artificial intelligence technologies into educational practices. His pioneering efforts are dedicated to optimizing teaching methodologies and developing a variety of advanced teaching tools and curricula aimed at enhancing student learning experiences and outcomes.
