Apprentice Programme (HKGAP)

**Application Deadline**  
**30 Sep 2024 12:00 noon**

**Result Release**  
**4 Oct 2024**

## **Intended Learning Outcomes**

Upon completion of the gifted programme, gifted students should be able to:

1. Express creativity by creating works that integrate visual and textual content;
2. Discuss artworks and share research findings with other students;
3. Enhance observational skills through self-reflection after each class session.

## ◆ Gifted Programme Introduction

Learning to create picture books is a meaningful skill that not only inspires creativity but also enhances visual art and written expression abilities. This course aims to cultivate students' imagination and storytelling skills, allowing them to express their thoughts and emotions through the combination of visuals and text. By creating picture books, students can explore techniques such as story structure, character design, and composition, while developing their powers of observation and creativity. This course will open the door to a rich world of imagination for students and inspire them to explore the limitless possibilities in the realms of art and literature.
