◆ Gifted Programme Introduction

This programme is one of the core programmes of the Leadership Training Programme Series.

This leadership camp is a key part of this series, primarily focusing on leadership skills. To effectively lead others, we must first understand ourselves, enhance our social skills and improve our ability to collaborate with others. The camp is designed to foster personal growth, self-discovery, and confidence, equipping students to handle challenges effectively.

“Experience nature’s service, learn from nature” is the guiding principle of the leadership camp. It immerses students in the profound philosophy of Servant Leadership, where the leader’s primary role is to serve others.

Set in the heart of nature, the camp provides an ideal environment for gifted students to explore and understand the principles of servant leadership. The camp emphasizes nature’s selfless service, offering resources unconditionally – an ethos that mirrors the qualities of a servant leader, who prioritizes the needs of the team, fosters a sense of community, and supports the personal growth and development of all members.

Through interactions with nature, gifted students will gain valuable insights into servant leadership principles such as empathy, stewardship, and a commitment to the growth of others. They will learn to lead by serving, just as nature does.
