Intended Learning Outcomes

Upon completion of the gifted programme, gifted students should be able to:

1. Identify the principles of urban furniture design, encompassing spatial planning and facade design;
2. Analyse the site planning in the aspects of aesthetic and functional considerations;
3. Develop students' skills in master planning and apply architectural concepts in the architectural layout plans process.
4. Enhance students' skills in problem solving, and ethical design practices in aspiring architects.

◆ Gifted Programme Introduction

This course aims to introduce students to the fundamentals of urban furniture design, covering spatial planning and facade design principles. Students will engage in analyzing site planning with a focus on aesthetic and functional considerations. The course will also focus on developing students' proficiency in master planning and applying architectural concepts in the process of creating architectural layout plans.
