# A Journey of kNOw Carbon House

#### Docent from kNOw Carbon House

## **Intended Learning Outcomes**

Result Release 16 Dec 2024

Upon completion of the gifted programme, gifted students should be able to:

- 1. describe the four major decarbonisation strategies in Hong Kong, as known as "net-zero electricity generation", "energy saving and green buildings", "green transport" and "waste reduction";
- 2. develop a new habit of a low-carbon lifestyle in their daily life;
- 3. appreciate the environmental ideas on recycling, reusing and upcycling;
- 4. stimulate an interest towards learning the area related to environmental protection.

#### Gifted Programme Introduction

Leader of Carbon Reduction Ambassador, Big Waster, will accompany our gifted students to embark on the kNOw Carbon Journey at the kNOw Carbon House, the Old Wan Chai Post Office which is the declared monument in Hong Kong.

In this 90-minute exploration journey, gifted students will learn the four major decarbonisation strategies in Hong Kong. Then Big Waster will lead them to participate in various carbon neutrality-themed activities and they know more about recycling, reusing and upcycling.
