◆ Gifted Programme Introduction

This comprehensive course aims to bring out the creativity of the students, deepen their understanding of history and language, and enhance their communication skills, through working with Shakespeare's work. Shakespeare is often regarded as one of the greatest writers that ever lived, however, many find his work difficult to understand. Through this interactive and fun course, primary students will learn to enjoy and not fear Shakespeare. In this course, students read to understand the stories and characters of Shakespeare, devise and write their own plays, rehearse, and finally perform their work. The activities have been carefully designed to develop students' creativity, higher-order thinking and problem-solving skills.
