Data Science Course (Level II)

Unlocking the Power of Data

Representatives from Bytewise Coding Limited

Application Deadline
3 Feb 2025 12:00 noon

Result Release
14 Feb 2025

Intended Learning Outcomes

Upon completion of the gifted programme, gifted students should be able to:

1. analyze raw data and draw individual conclusions from it;
2. provide visual representations of the analyzed data;
3. apply various data analysis tools (e.g. Python, Pandas) to complete daily life tasks;
4. recognize how data analysis impacts daily life and influences personal and community decisions.

◆ Gifted Programme Introduction

This course will cover the fundamentals of data science, and do a deep dive on how to import, process, analyze and display a variety of data analysis techniques. By the end of the course, students will be able to apply the data analysis techniques to a data set of their own choice, and provide visual graphics to show their results.
