◆ Gifted Programme Introduction

Have you ever thought about how to effectively organize and manage a project?

This course will take you deep into the world of project management, teaching you how to create plans, manage budgets, and oversee timelines. Throughout the course, we will use real-life case studies and group exercises to help you master project scope, risk management, and communication skills. This is not only an opportunity to learn but also an excellent platform for participating in and organizing student council activities! You will learn how to lead a team, define roles clearly, and promote effective communication. With these practical skills, you will be able to play a vital role in future school events.

Come explore the charm of project management, enhance your leadership and collaboration abilities, and prepare yourself for future challenges!
