Gifted Programme

Forensic Science Course (Level I)

Crime Scene Investigation

Mr. Felix Tse (Science World Limited)

Intended Learning Outcomes

Result Release 27 Feb 2026

Upon completion of the gifted programme, gifted students should be able to:

- 1. exercise critical thinking and observation skills in daily life;
- comprehend the essential knowledge and demonstrate with the skills in investigating DNA pattern in parental testing, collecting and analyzing fingerprint and shoeprint samples;
- 3. design an investigation to solve one simulated crime case with the learned knowledge and skills;
- 4. utilize ethical principles to make decisions related to investigative techniques, analysis of evidence.

Gifted Programme Introduction

Law enforcers do not have a time machine to travel back in time to witness the crime or the accident. Nevertheless, they still find out what exactly happened at the crime scene with forensic science. In this programme, students will learn about various common forensic techniques, such as fingerprint analysis, teeth analysis, bloodstain pattern analysis, etc. will apply those techniques in a sample case with crime scene mysteries waiting for you to solve.
