◆ Introduction

The Geospatial Lab (GeoLab) is established by the Development Bureau of the HKSAR Government and operated by the Tung Wah Group of Hospitals to encourage the public to make use of spatial data in developing smart applications, dovetailing the Common Spatial Data Infrastructure (CSDI) initiative in support of smart city development.

Students will find useful information from the GeoLab, including knowledge of spatial data and 3D mapping in developing smart applications; how to apply data science concepts into daily life and application of geographic information system (GIS) software, etc.

Students who complete this workshop and perform outstandingly will be invited to take part in the 'CSDI Awards'.
