(Token- required)

[Gifted Programme]

Aviation Course (Level IV)

Exploring Aviation Frontiers (Phase I)

The Hong Kong International Aviation Academy (HKIAA)
Introduction in Aviation Operation

Application Deadline

3 Feb 2026 12:00 noon

Result Release

4 Feb 2026

Intended Learning Outcomes

Upon completion of the gifted programme, gifted students should be able to:

1. develop a foundational understanding of the aviation industry, including airport operations and sector overview;
2. demonstrate knowledge of passenger handling procedures and customer service standards within airport environments;
3. identify and analyze emergency response strategies employed in aviation incidents;
4. appreciate the importance of teamwork, professionalism, and ethical conduct in delivering quality aviation services.

If student members withdraw from the programme after the Application Deadline, the token will be deducted.

◆ Gifted Programme Introduction

Discover the dynamic world of aviation through this immersive programme designed for aviation enthusiasts! Participants will gain valuable insights into the aviation industry overview, passenger handling operations, and airport emergency responses through lectures, interactive workshops, and site visits at the airport.

The course consists of two phases. The selection is based on students' performance in the final assessment at the end of each phase. The tentative schedule are as below for reference.

Phase II: June - July 2026 (Tentative)
