Art Talk (Level I)

Sound in Space - Exploring Interactive Audio, Immersive Media, and Spatial Sound

Academic Staff from the School of Creative Arts,
Hong Kong Baptist University

Application Deadline

20 Feb 2026

12:00 noon

Intended Learning Outcomes

Upon completion of the gifted programme, gifted students should be able to:

1. (discover what interactive audio, immersive media, and spatial sound are, and how they are used in music, games, films, and virtual reality;
2. perceive the real examples through various demonstrations of music technology and interactive audio;
3. find the inspiration for future studies or careers related to creative arts.

Trendy Academic Talk Series

◆ Gifted Programme Introduction

This thematic talk introduces gifted students to the exciting world of interactive audio, immersive media, and spatial sound. Through engaging demonstrations and hands-on examples, you will discover how sound is used in music, games, films, and virtual reality to create interactive and immersive experiences.

It also includes a campus tour, where you can explore professional classrooms, audio equipment, and a recording studio. You will learn more and gain insight into possible study and career pathways in creative and technology-driven industries.

This programme is under collaboration with the School of Creative Arts, Hong Kong Baptist University.
