Outer Space Security

Mr LEUNG Wai Kit,

Director of Training and Curriculum Development of the Patriotic Education Centre

Application Deadline

13 Jul 2026

12:00 noon

Intended Learning Outcomes

Upon completion of the gifted programme, gifted students should be able to:

1. discuss the reasons why space is considered a critical domain for modern society and national security
2. identify at least three significant risks to space security, including space debris, anti-satellite weapons, and cyber threats
3. describe the current international frameworks and proposals for promoting the long-term sustainability and peaceful utilisation of outer space
4. analyse how breaches in space security could affect Earth's infrastructure and daily activities

◆ Gifted Programme Introduction

This two-hour interactive talk aims to introduce the developing field of space security, highlighting its growing importance. It includes why space has now become critical in modern society and national security, outlines key risks such as space debris, anti-satellite weapons, and cyber threats, and explores international frameworks to promote the peaceful use of outer space.

Through inquiry-based learning activities, students will explore the potential consequences of compromised space security, considering how disruptions could affect essential infrastructure on Earth, including GPS services and global financial networks.
