As gifted students, shouldn't we all utilize our digital talents to help others? Now's your chance! Join our workshop as volunteers to help the low-income working elderly in managing their phone and desktop apps, clear rarely used apps, saving contacts, quitting suspicious whatsapp groups and more, helping clear up their daily lives with little effort. You may also seize the opportunity to get to know more about the underprivileged in society and their stories. Don't hesitate! Broaden your horizons and get to know an underexposed part of society through volunteering!

The course will be guided by the mentee and mentor of 7th cohort of Hong Kong Gifted Apprentice Programme (GAP7). Mr Pang Cho Nam, the mentee from GAP7, is currently a secondary student at La Salle College. Serving in the Home of Love in Name Cheong Estate and familiarising himself with the homeless, he dedicated to conduct research on the underprivileged in Sham Shui Po as part of his project, garnering a unique perspective of the homeless in the process.
