Upon completion of the gifted programme, gifted students should be able to:

1. illustrate the progression from barter to digital currency and identify various forms of money used throughout history;
2. explain significant events that have influenced the evolution of money, such as the introduction of coins and the establishment of banking systems;
3. explain cryptocurrency concepts and knowledge;
4. illustrate how technology supports online transactions and cryptocurrencies;
5. be equipped with the knowledge and skills necessary to confidently navigate money.

If student members withdraw from the programme after the Application Deadline, the token will be deducted.

## Gifted Programme Introduction

This course will provide a comprehensive exploration of how money has evolved from bartering to contemporary cryptocurrencies. Students will examine significant milestones in the development of money, including coins, banknotes, and digital currencies.
Additionally, we will delve into the world of cryptocurrencies, gaining an understanding of their functionality and importance in today's economy. Engaging activities, such as role-playing and interactive games, will reinforce essential financial concepts, including effective saving and spending practices.
This course aims to equip students with the knowledge and skills necessary to navigate the future of money confidently.
